DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The reply filed 5/23/2005 is not fully responsive to the Office communication mailed 11/19/2004 for the reason(s) set forth below or on the attached Notice To Comply With The Sequence Rules or CRF Diskette Problem Report.

Applicant should review the entire application and fully comply with all sequence rules. For example, the application fails to comply with the sequence rules because the nucleic acid sequence of SEQ ID NO: 4 is 3549 nucleotides in length in the paper copy of the sequence listing; however SEQ ID NO: 4 is 2565 nucleotides in length in the computer readable form of the sequence listing. Therefore, the paper copy and computer readable form of the sequence are not the same.

Since the above-mentioned reply appears to be bona fide, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jennifer Dunston whose telephone number is 571-272-2916. The examiner can normally be reached on M-F, 9 am to 5 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Remy Yucel can be reached at 571-272-0781. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
